

Your Audiology Assessment Appointment

Patient information Leaflet

October 2021

How long will the appointment take?

The appointment for a hearing assessment will last approximately 1 hour.

Who will be present during the appointment?

The Appointment will be undertaken by a qualified Audiologist. You are more than welcome to bring a family member or friend to the appointment

What will happen during the appointment?

The Audiologist will ask you some questions about your medical history and hearing problems. The Audiologist

will then examine your ear canals and ear drums and perform a hearing test if appropriate. The hearing test will be performed using headphones in a soundproof room. The purpose of the test is to determine the softest sounds that you can hear at various pitches. Small vibrating device may then be placed behind one of your ears to complete the test.

What will happen after the appointment?

The Audiologist will discuss your hearing test results with you. If your hearing is normal, we will discharge you back to your GP. If you do have a hearing loss, we will discuss possible ways of managing the hearing loss
